Campus Department –Department Division/Office: R&DE Student Housing

Position Supervisor: Kristin Parineh

Position Title: Energy Conservation Interns (2 positions available)

Position Description: The R&DE Student Housing Sustainability Programs Office is looking for two (2) interns to assist with energy efficiency programs. 1 intern will be committed to monitoring and promoting system wide shut downs during winter closure, and analyzing the energy and financial savings of doing so. 1 intern will focus on thermostat education for off campus residents and those with individual controls.

Position Length:
Entire 2015-2016 academic year

Opportunities and Benefits:
- Learn about campus sustainability and gain project management experience in designing and implementing projects.
- Work collaboratively with others on educating and advocating for positive campus change.
- Develop professional management, communication, and leadership skills.
- Develop relationships with sustainability leaders on and off campus.
- Learn about careers in sustainability.
- Make a real impact!

Qualifications:
- The winter closure intern is required to perform work during winter closure. Therefore, it must be a graduate student with permission to stay over the winter break or any student that has plans to stay in the area and has interest in working.
- Eager to learn about and advocate for conservation and sustainability; creative and enthusiastic.
- Effective written and oral communication skills.
- Can work well independently as well as collaboratively.
- Organized, self-motivated and accountable for work.
• Able to commit the required weekly 3-8 hours of work.

**Salary:**
Hourly salary at a rate of $13-15/hr

**To Apply:**
Please provide a resume and cover letter stating your interest and experience by email to mkearns@stanford.edu. **Deadline is Monday, May 11.** Interviews will be held during the week of May 18-22 and hiring decisions will be announced by May 29.
