Position Title: Cardinal Green Office Intern

Campus Department –Department Division/Office: Office of Sustainability

Position Supervisor: Annalise Di Santo

Position Length: 5-10 hours a week

Salary: Hourly salary at a rate of $18/hr

Position Description:
Are you looking for hands-on experience helping Stanford’s departments conserve resources? Through simple, everyday actions, occupants of any building can impact Stanford’s sustainability and bottom line. This intern will provide support in assessing and implementing energy, water, and waste conservation support requested through My Cardinal Green in conjunction with the Cardinal Green Office Program, including installation of energy-saving devices, low-flow faucet aerators, etc. This work spans from helping a single individual make sustainability improvements in their work space to auditing and implementing recommendations for an entire building. Opportunities to work on customized projects may also be available throughout the year.

Opportunities and Benefits:
- Learn about campus sustainability and gain hands-on experience, especially in energy efficiency and plug loads
- Work with faculty and staff throughout the university to promote easy and effective energy-saving actions
- Make a direct impact on reducing building energy consumption at Stanford
- Expand on interpersonal skills through communication with building occupants
- Work on more in-depth building level projects based on interest areas and Office of Sustainability goals

Qualifications:
- Strong interpersonal skills
- Interest in energy conservation and occupant engagement
- Ability to work independently
- Reliable and accountable for work
- Ability to perform manual tasks, such as installing smart power strips or light bulbs

To Apply:
Please provide a resume and cover letter stating your interest and experience by email to adisanto@stanford.edu. Managers will coordinate interviews directly with each candidate over the summer.
