14. B Med U901 - up to \$4,370 rebate
15. Eppendorf F740hi - up to \$5,50 rebate

Eligibility - Please check off that the following conditions apply

16. The freezer will be purchased between 9/1/2021 and 8/15/2022.
17. The old freezer will be operational when replaced. If not, please provide quote for repair.
18. The old freezer is approximately 10 years of age or older.
19. The new freezer has the same or similar storage capacity as the one it's replacing.
20. The lab has moved buildings in the last 3-months.
21. If purchasing a Thermo Scientific TSX, I will ensure that the freezer runs in standard/energy efficient mode (as opposed to high-performance mode).
22. If purchasing a liquid nitrogen freezer, I plan on keeping the temperature at -80 degrees C or higher.
23. If purchasing a liquid nitrogen freezer, I plan on storing the following types of samples:

Please review the note on next page before submitting this application.

Cardinal Green Labs - Energy Retrofit Program

Rebate amount will be confirmed upon submittal and review of application. Once confirmed, please submit proof of purchase of the new freezer and disposal of the old freezer to receive your rebate. All documentation submitted no later than August 20th of the year the freezer was purchased to receive the rebate.
